- Vanessa:** Thanks! I can't believe six months have gone by and it's the first time you've been to Bistro 88!
- Peter:** It's so busy today!
- Vanessa:** I know. I wish it was a weekday. We would have more time to chat. Could you do me a favor? Tell me what you think about the design.
- Peter:** Everything looks very well organized. The mural on the wall goes with the colors, and the lighting is perfect.
- Vanessa:** I like it too. I wish I knew more about design. The designer went over her plans, but I didn't understand them at the time. I went along with her decision. Now I think it looks great. What are you doing later today?
- Peter:** I'm going out with a couple of friends. We're having a meal at Angelo's. I wish we were going to Ned's.
- Vanessa:** What's going on at Angelo's?
- Peter:** We're going to listen to some live music. A new band is playing.
- Peter:** What's that sound?
- Vanessa:** That's a bell for the waiters. When the bell goes off, it means one shift is over and the next one is beginning. What do you want to order?

### Talking about Wishes and Imaginary Situations

You use "I wish ..." to talk about things you do not have or do, or you cannot have or do.

The verb *wish* introduces an idea. It is something that is not true, but you would like to be true.

After *wish*, you use a verb in the past tense.

*I wish I knew ...*

*I wish I had ...*

*I wish you were ...*

Structure:

Wish + past tense

| Example                                 | Meaning                                         |

### Phrasal Verbs with "Go"

A phrasal verb is a phrase made from a verb + preposition.

The combination of the verb and preposition changes the meaning of the verb.

Many phrasal verbs start with the verb "go":

to go out -- to leave the house

to go by -- to pass an amount of time

to go with -- to match, to be well suited

to go over -- to study, to read carefully

to go along -- to accept, agree

to go off -- to ring or sound out, like a bell or whistle

You conjugate phrasal verbs in the same way you conjugate other verbs.
